

STAT

20 October 1958

Dear Ruf,

I must say that our visit to Fort Island and discussion with you and your people were high points on our recent trip. I think this was due to two things: first, your own intense interest in the business, which is not always found and is very gratifying; and second, a chance to deal with the people who actually have to eat the problems.

I speak for Art Lundahl in saying that we have the highest regard for your staff whom we had the pleasure of meeting and the management which you obviously exercise.

We are looking into the problems brought out in our discussions.

We send our kindest regards to you,
and the rest of your team.

STAT

Sincerely,

b.c. Commander J. M. Larsen, ONI
Mr. Arthur C. Lundahl, DIR PIC
